PT.KIE INDONESIA

Jl.Ahmad Yani NO.37, Utan Kayu Selatan,
Jakarta 13120.

Subject : Application for the position of Regional Area Development Staff (ADS)

Dear Mr/Mrs HRD

Based on the information I received website in www.id.kumonglobal.com. PT.KIE INDONESIA is currently in need of staff, in the position of regional Area Development staff (ADS).

I graduated from the University of Indonesia in 2013 with a Bachelor of Social Sciences with a GPA of 3.1, I have good communication skills when talking or doing something, I am definitely able to develop the Kumon brand both through opening new and existing centers, I am only 22 years old here, besides that I have more than one year's experience as Regional Area Development staff and have experience in various pattern techniques. My speaking skills are very good and I have a very good record as reliable and productive staff member.

For additional information about my experience you can see more via email at aniy95532@gmail.com or call phone 082219110048

That is the job application letter that I wrote, I am sure that I am suitable for this position, I have high hopes of being able to work at PT.KIE INDONESIA

Thank you for your attention and opportunity.

Sincerely,

Yuliani
